

HANDOUT 3.1.2 – Consolidate Your Learning

Making Sense of the Research

Directions: Complete a concept map graphic organizer for each term: *Learning Goal* and *Success Criteria*. Use this example for the term *polygon* as a guide. Write a definition (“What is it?”), list some examples, and then describe what it is like. Remember to return to your concept map often to clarify and add new information as your knowledge and understanding of the terms grow.
