

HANDOUT 6.3.2 – Try It Out

Peer Assessment Strategies

Directions: Select two peer assessment strategies from Lesson 3 that you believe are a good fit with upcoming learning goals and success criteria you have planned for your class. Develop a plan to try these strategies in your classroom.

Use the chart below to record your strategies and how peer assessment worked in your classroom.

Share the strategies and how they supported formative assessment with a partner, triad, or your entire learning team before starting Lesson 4.

Peer Assessment Strategy	How did I use it? (learning goal, success criteria, teaching, modeling, observation and feedback)	How did it work? (student reaction, student feedback, any evidence of student learning)
