

## HANDOUT 6.5.2 – Try It Out

### Self-Assessment Strategies

**Directions:** Reflect on the information and ideas presented in Lesson 5 on supporting student self-assessment. Select one of the strategies presented – or develop your own – and try it out in your classroom.

Strategies include:

- Questioning
- Traffic lights
- Learning log
- End of lesson reflection against success criteria
- Goal setting
- Student reflection
- Protocol

You can use this template (or develop your own) to record your work, what worked well and what needs to be revised.

Strategy	How was the strategy used?	What worked well with this strategy?	What needs to be revised with this strategy?
